

Release Notes for iClicker Integrate for Canvas

Integrate for Canvas v2.5 (Release for iClicker 7.16 integration)

Nov 2017

ENHANCEMENTS:

- Updated to be compatible with recent Canvas changes.
- Security improvements.

Integrate for Canvas v2.4 (Release for iClicker 7.14 integration)

July 2017

ENHANCEMENTS:

- Ability to sync roster with Canvas only (bypass national registration sync)

FIXES:

- Made updates to solve issues related to Canvas login.
- Updated TLS protocol (to TLS v1.2) in order for institutions that have TLS v1.0 disabled to properly setup the integration.

Integrate for Canvas v2.3 (Release for iClicker 7.8 integration)

August 2016

ENHANCEMENTS:

- Updates to student remote registration page
- New options for upload zeros behavior (in conjunction with v7.8 instructor course settings)
- New configuration for uploading grades to course sections in Canvas (admin configuration)

Integrate for Canvas v2.2 (Release for iClicker 7.4.1 integration)

July 2015

ENHANCEMENTS:

- iClicker GO is removed from the student registration page
 - Note: at the time of release, some versions of Safari showed issues with the student registration page. If this issue occurs, students should use a different browser, such as Chrome or Firefox.
- Option to download usernames with new Admin Wizard
- Ability to configurable multiple LMS with new Admin Wizard
- Ability to upload zero scores as zero

- Improved error messaging

Integrate for Canvas v2.1 (Release for iClicker 7.3.5 integration)

June 2015

NEW:

- New admin wizard to accommodate authentication changes.

Integrate for Canvas v2.0 (Release for iClicker 7.3 integration)

December 2014

NEW:

- New instructor login interface, where instructors enter Canvas credentials to synchronize rosters and scores.
- iClicker external tool is hidden by default in Canvas navigation.

Integrate for Canvas v1.4 (Release for iClicker 7.0 integration)

July 2014

NEW:

- Students can register both iClicker remotes and iClicker GO from the iClicker registration page within Canvas.
- Admin wizard is new and creates one single file for use in instructor iClicker Resources folder.
- Instructors enter credentials directly from iClicker settings rather than run separate integrate wizard.
- Accommodates Canvas permanent draft state

Integrate for Canvas v1.3

(Integrate Wizard v3.4.1)

March 2014

Paging

- FIX: Supports Canvas course list pagination changes.

Instructor Login

- IMPROVEMENT: Admins can set the default for instructors to save credentials to on or off

Integrate for Canvas v1.2

(Integrate Wizard v3.3)

October 2013

Paging

- FIX: Supports Canvas pagination changes.

Login ID Support

- FIX: Check for SSO in default login before querying other logins.

**Integrate for Canvas v1.1.1
(Integrate Wizard v3.2.5)**

August 2013

Universal Authentication Token

- NEW: This is an optional setting in Administrator Wizard.
 - Eliminates the need for instructors to create and enter authentication tokens.
 - Instructors enter only security keys during authentication.

Paging

- FIX: Supports Canvas paging for large number of courses.
- NEW: Instructor receives progress indicator while course roster is downloaded and grades are uploaded.

Login ID Support

- NEW: Users are permitted to login with Canvas login ID, which may be e-mail address or custom login ID.

Upload Grades

- FIX: Upload grades to existing assignments in Canvas.

Improved reliability and diagnostics.**Some minor wording changes in confirmation messages.**
